

# FILTER CHANGE GUIDE

*Frequency is subject to change during busy holiday and event periods.*

**LEAVING FILTERS TOO LONG RESTRICTS AIRFLOW & INCREASES FIRE RISK!**  
**STOP ALL COOKING OR CLEANING WHEN FILTERS ARE BEING REMOVED FOR CHANGING**

**FRYER / VAT FILTERS**  
Check & change every 3 - 4 days as required  
(e.g. Thursday & Sunday evenings)

**GRILL FILTERS**  
Please check & change daily as required

Sharp Objects / Surfaces

GLOVES ARE ADVISABLE WHEN HANDLING FRAMES

Hot Surfaces / Oil

Shepherd Filters accepts no responsibility for not changing filters when due. Leaving filters too long will affect airflow and increase the risk of fire. Regular inspections/cleans (as required) of kitchen exhaust systems as per standards/laws are recommended.

Shepherd Filters must be used with Shepherd Filters frames only.
